## FRONT-END DEVELOPER

### PROFESSIONAL PROFILE

A passionate student of computer science who is eager to learn new technologies. Looking for an opportunity that will allow me to advance my knowledge and skills while assisting the organization in achieving its goals.

### PROJECT

#### W3SHOOLS Website Remastered 🔗

- Cloned the W3Schools website using HTML, CSS, and JavaScript, replicating its design and functionality.
- This project showcases my skills in front-end development, including responsive design, user interface, and interactive elements. Check the live version for detailed work.

#### My Portfolio Website 🔗

- Developed a personal portfolio website using HTML, CSS, and JavaScript..
- Visit the live site to see my work and learn more about my professional background.
- **VIEW:** [suvetha-chandru.github.io/suvethaPortfolio/](https://suvetha-chandru.github.io/suvethaPortfolio/)

#### Movie Listing Site 🔗

- Created a website for managing movie listings, allowing users to add newly released movies and delete old ones.
- Developed using HTML, CSS, and JavaScript, this project demonstrates my skills in web development and dynamic content management.
